Pastor Dan Turpin WestCoastChurch.com

*Objective Sentence: Everyone can receive a miracle dealing with the obstacles that hinder God's power from working in our lives.*

*Introduction:* Have you ever had things fall apart and not work out the way you expected. In 1977 Nancy and I were driving an old green 1966 (AMC) American Motors Corporation Rambler—All American. That car was so ugly the roaches would not even ride in it. I was in school full time and worked 40 hours a week. Nancy worked full time but we were still struggling trying to get through school. I decided to buy a new car and Nancy tried to talk me out of it but agreed when I persisted and wouldn't take no for an answer. We didn't have any money but we had great credit so we purchased a brand new Vette—Chevette that is—the third worst car that Chevrolet had ever made. The Corvair, the Vega and the Chevette were flops. In the long run we lost our credit and thirteen hundred dollars in the deal.

- d. *Pastor Dan:* One of our big problems is that we attempt to move God in our direction—instead of allowing Him to move us in His direction. - e. *E.M. Bounds:* Prayer is the contest, trial and victory of faith—a victory not secured from an enemy, but from Him who tries our faith that he may enlarge it. Christ sought to get that which He wanted from her before He consented to give her what she wanted from Him. He was seeking a wholehearted and firm commitment of faith in God from her. Laying somewhere between that which happens to us, and our response to what happens to us, is our ability to make things better or worse by the way we choose to deal with them. Choice is everything and this Gentile chose the right way. Our choices will determine the good or bad effect from the things that happen to us in life. Good choices will make even the bad things, in the long run, to turn out good and bad choices in the long run will cause even the good things that happen to us in life turn out to be bad. Choice is everything.
